permit that is not renewed or that is revoked will not be reissued. A permit is considered to be not renewed when an application for renewal is not received by the RA within 1 year of the expiration date of the permit.

(11) *Display of a commercial vessel permit.* A commercial vessel permit issued under this section must be carried on board the vessel. The operator of a vessel must present the permit for inspection upon the request of an authorized officer.

(12) *Sanctions and denials of a commercial vessel permit.* A commercial vessel permit issued pursuant to this section may be revoked, suspended, or modified, and a permit application may be denied, in accordance with the procedures governing enforcement-related permit sanctions and denials found at subpart D of 15 CFR part 904.

(13) *Alteration of a commercial vessel permit.* A commercial vessel permit that is altered, erased, or mutilated is invalid.

(14) *Replacement of a commercial vessel permit.* A replacement permit may be issued. An application for a replacement permit is not considered a new application.

(15) *Fees.* A fee is charged for each application for initial issuance or renewal of a permit, for each request for replacement of such permit, and for each trap tag as required under this section. The amount of each fee is calculated in accordance with the procedures of the NOAA Finance Handbook, available from the RA, for determining the administrative costs of each special product or service. The fee may not exceed such costs and is specified with each application form. The appropriate fee must accompany each application, request for replacement, or request for trap tags.

(b) *Issuance of a trap certificate and annual trap tags.* The RA will issue a trap certificate and annual trap tags to each person who has been issued a Federal commercial vessel permit for stone crab. The number of trap tags issued will be determined, based upon the documentation of landings submitted consistent with § 654.4(a)(1), (2) and (3), by dividing that person's highest landings of stone crab claws during any one of the fishing seasons for 1995/

1996, 1996/1997, or 1997/1998 by 5 lb (2.27 kg).
